Topics for upcoming local events:

- Putting your best foot forward
- Diabetes and your health

For more information regarding local events, turn to page 2.

Nicole Taylor joined the MMGPN in September 2018, working on the development of an online service directory across the Murray Mallee region. In 2019, Nicole will be taking over the coordination of CPD events from Kris Dalitz.

With a strong interest in health promotion and community development, Nicole also works in adult health education (viral hepatitis, and drug use harm reduction) and is a registered nurse. Nicole is excited to expand her role within the MMGPN, and meet the clinicians working in this region.

Nicole lives in Meningie with her partner and their two schnauzers, Bert and Ernie.

New options for Medication Assisted Treatment for Opioid Dependence (MATOD) Prescribing Training

All medical practitioners can apply for authorities to treat up to 5 patients with Buprenorphine/naloxone (Suboxone®) for opioid dependence.

To prescribe methadone, buprenorphine (Subutex®) or buprenorphine/naloxone (Suboxone®) for more than 5 patients a medical practitioner must be accredited.

DASSA offers training to become an accredited MATOD prescriber that involves:

Theory – available as an online resource https://olle.aogp.com.au/visitor_catalog_class/show/141806 .

Skill Development – ½ day activity completed using standardised patients supervised by an experienced MATOD prescriber.

For further information contact Jane Scarborough dassa.gpprogram@sa.gov.au or [7415 5045](tel:74155045).

Clinical resources for MATOD prescribing are available <https://www.sahealth.sa.gov.au/wps/wcm/connect/public+content/sa+health+internet/clinical+resources/clinical+programs/drug+and+alcohol+programs/gp+program+medication+assisted+treatment+for+opioid+dependence> .
